VERIFICATION OF COMPETENCE (VOC) PROGRAM

There are many benefits in conducting certain training programs at the workplace where personnel is in their actual work environment. It is important to observe how candidates react under pressure and gauge whether the training has been beneficial or whether the candidates have retained enough knowledge to correctly and safely carry out all the newly learned skills.

VERIFICATION OF COMPETENCE (VOC) PROGRAM

Safety has long been a byword for everyone involved in offshore installation and offshore facilities. Different aspects of installation safety, not surprisingly, require different focus. The aim of this VOC program is to provide competency development bridging training through our three tier approach.

Three Tier Approach

Tier 1 Relevant theory session conducted offshore in classroom environment followed by written examination and a question and answer session

Tier 2 Practical exercises within Emergency Response (ER) discipline under instructor supervision, highlighting candidate's strength, weaknesses and necessary corrective action

Tier 3 Verification process between the ER group and onboard incident management team under the leadership of the OIM

Target Group

Lifeboat Coxswain Team	Muster Team
Incident Management Team	Fire Team & Team Leaders
Medical Team	Helicopter Landing Officer and Helideck Team

Heavy Industry

Offshore

Aviation

Cruise

Construction

Wind Turbines
